CC TYPE Custom Cams

Custom Cams

Packam Cams are an economical alternative to in-house cam design and manufacturing. Backed by over 20 years of experience, we offer cams in a comprehensive range of configurations, tolerances and materials.

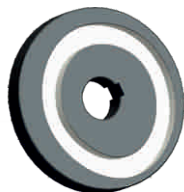

Our designers use the most advanced technologies available to design, manufacture and inspect all cams. We can manufacture a variety of styles as per customer's specific requirements.

Our range of custom cams includes:

- Globoidal
- Barrel
- Face-Grooved
- Conjugate
- Flat / Plate

Sizes: From 50mm to 1000mm centre distance

Specifications: Through Hardened
CNC Ground to surface finish of <math><0.4Ra</math>
